SELECTION POLICY

ADULT SECTION

Each committee has 3 representatives from their section.

They are supported by Director of Hockey.

Selection begins with all 3 Performance coaches (1sts, 2nds & 3rds) choosing their provisional squads for Saturday after their 1st training session of the week.

Each committee will then finish selection for the rest of the section (based on availability and recent feedback from captains) for sharing with captains and players prior to the main training sessions of the week.

Necessary adjustments will then be managed by the committee for the remainder of the week.

Members are reminded to answer availability requests promptly to help final selection decisions.

JUNIOR SECTION

Selection for all junior teams will be made by the relevant age group coaches.

Coaches will discuss selection within their age groups and with the support of the Director of Hockey.

Managers will use Spond to communicate availability requests and selection with parents.

Parents are reminded to answer availability requests promptly to help final selection decisions.
